

## Submarine

Something for Kate

I listen to you breathe  
The quiet winds that send you on your way  
Away to a dream  
Another time, a nothing time, a never day  
I wish I could see  
The oceans that your eyes will never know  
I wish I could be  
Somewhere in the undertow  
And you  
In your sleep  
Diving down to follow me  
And you  
In a dream...  
You talk in your sleep  
Quiet words that spin around my head  
Surrounding me  
Fading down the waking world and then,  
You know where I'll be  
You know where I'll be  
And you  
In your sleep  
Diving down to follow me  
And you  
In a dream  
A-ohhhhhh  
A-ohhhhhh  
And you  
In your sleep  
Diving down to follow me  
And you  
In a dream  
A-ohhhhhhh  
A-ohhhhhhh  
Ooooooh  
Ooooooh
