SoMo

La di da di da  
Oh no no no no  
Oh mmm mm mm

I thought I told ya  
That you make me feel this way?  
I wanna know ya  
Would you please say the same?

I wanna hold ya  
Through the night and through the rain  
Would you hold me, too?  
Babe

Light it on up  
Fill up my cup  
9 lives  
Yeah we got good luck  
Eyes closed when I hold your waist  
I tried give all my love  
I tried to hold my weight  
I tried to hold it  
Felt the rain fall down  
Fall down it's fallin'

I thought I told ya  
That you make me feel this way?  
I wanna know ya  
Would you please say the same?

I wanna hold ya  
Through the night and through the rain  
Would you hold me, too?  
Babe

Baby (Baby)  
Please say you need (Need)  
Drop down on the floor  
Beg you please  
Beg you please  
See (See)  
Frequency (We)  
We've done this all before  
(Oh whoa whoa)  
Felt the rain fall down  
Fall down some more

I thought I told ya  
(Yeah yeah)  
That you make me feel this way?  
(You know-you know-you know-you know I do)  
I wanna know ya  
(Ooo ooo)  
Would you please say the same?

(Ahh ohh)

I wanna hold ya  
Through the night and through the rain  
Would you hold me, too?  
Babe
