

# All That

SoMo

Felt the rain  
Fall down  
When you're not around  
Felt a pain  
In my chest  
Without you there's no sound

Felt the rain  
Fall down  
When you're not around  
Felt a change in my step  
What's a dream with no sound, sound

Darlin' you deserve rings  
You deserve candlelight

Oooo every night  
I'm giving ya

All this  
And all that  
Tonight  
Don't miss  
Baby don't you get it, baby  
Don't miss that light  
All this  
And all that  
I'll try  
So don't miss  
Baby, don't you  
Baby don't you leave me till the morning

Said that you like  
When I sing so I'm singing this song  
Said that you love when I sing are you singing along  
Toot that  
Bring on back  
Let me get faster  
Yeah  
I'll give you all this  
Give you all that  
You be the master  
Yeah

Darlin' you deserve rings  
You deserve candlelight

Oh every night  
I'm giving ya  
All this  
And all that  
Tonight  
Don't miss  
Baby don't you get it, baby  
Don't miss the light  
All this  
And all that

I'll try  
So don't miss  
Baby, don't you  
Baby don't you leave me till the morning

Said that you like  
When I sing, so I'm singing this song  
Said that you love when I sing...  
Oh yeah
