

Body

SoMo

I just want your body
You ain't trying to stop me
I just want somebody to give it up to
I just want a lil body I can hug too
I just want a lil momma in the back seat
She just got up on my lap she ain't ask me
Shawty on the way she love to come quick
She be on me she loving this (Dick)
And normally I'd be down to go and cut quick
But girl is super bad I'm McLovin that shit

I just want your body
And you ain't trying to stop me
Oh I just want your body
So come right here you like it

Little body but a big soul
Said she wanna drop it on a really big pole
I can't stop it when she gets low
The way she pop it got me feeling like I'm Sisqo
But this ain't the thong song
This that grown shit make you want that long John
If you grab you it just remember when it comes on
You gon' take it all I'm in it for the long haul
Clap clap tap tap this the big game
I really love it firecracker with a big flame
Bend your body girl you really got the best frame
Picture this you and me
Switching big lanes
Let me explain I want your body
I'm out here like the old me real naughty
Take it slow if you want we don't get sloppy
But you got me feigning saying I just I just I just

I just want your body
And you ain't trying to stop me
Oh I just want your body
So come right here you like it
I want your body
(Oh yeah)
Doing all this at the party
(Oh yeah)
Bring it like that at the party
(Oh yeah)
She be doing things with that body
(Oh yeah)
I really need you now with that body
Blast off one time get it right get it right oh
Blast off two time let it ride let it ride
