

Cinema

SoMo

I've been somebody else
I was thinkin' what could help
I was searchin' for somebody
Who could save me from myself
Pop-pop-poppin' drugs
The doctor gave
Ain't helping with my health
Only thing that seems to save me
Is the woman that I held
Criminal, oh
How she glowed like glitter
She grabbed my hand
Said I'm no quitter
So, load that gun
Come and pull that trigger, oh

Ooo,
Stop and roll
She's up my soul
She's takin' off her clothes
Showing me the power she holds

(Then she said)
Whoa, let's make a cinema
Let's get real intimate
You know I'm the the one
I'm the one, that's into it
(Then I said)
Girl I got time we can tape till the end of this song
(Then she said)
Whoa, let's make a cinema
Let's get real intimate
You know I'm the one
I'm the one that's into it
(Then I said)
Girl I got time we can tape till the end of this song

I don't mean to kiss and tell
You can wonder how it felt
Yeah she's got that kinda medicine
That makes a man feel well
Pop-pop-poppin' drugs
The doctor gave
Ain't helpin' with my health
Only thing that seems to save me
Is the woman that I held
Criminal, oh
How she glowed like glitter
She grabbed my hand
Said I'm no quitter
So, load that gun
Come and pull that trigger, oh

Ooo
Stop and roll
She's burnin' up my soul
She's takin' off her clothes

Showin' me the power she holds

(Then she said)

Whoa let's make a cinema
Let's get real intimate
You know I'm the the one
I'm the one that's into it

(Then I said)

Girl I got time we can tape till the end of this song
(Then she said)

Whoa let's make a cinema
Let's get real intimate
You know I'm the one
I'm the one that's into it

(Then I said)
