Your—your body glows
Your body knows
The way you're feeling
You hold your body close

I'ma knock that thing down
Go dominoes
You say it feels amazing
So, vamanos

Then I feel that
Click, click, click, click
Sick, sick, sick, sick
I just want that
I'm addicted

Then I feel that
Click, click, click, click
Sick, sick, sick, sick
I just want that
I'm addicted

Way you do
Got me dancing in this coupe
Fast run this way
When you come 'round here it's smooth
I'll have what you serve
Could you take all that you say
You're so fuego

Your—your body glows

The way you're feeling
You hold your body close

I'ma knock that thing down

Can't pump fake a boss
Lay back legs uncrossed

There ain't no getting tired
I'm better when I fit your mold

Click, click, click, click
Sick, sick, sick, sick
I just want that
I'm addicted

Then I feel that
