

# Daughters

SoMo

I need to drink a little more water  
I really really miss my daughters  
I just wanna be a father and go home  
Things got a little bit crazy  
I'm really missing my baby  
I just wanna be a man that you can call

I need to drink a little more water  
I really really miss my daughters  
I just wanna be a father and go home  
Things got a little bit crazy  
I'm really missing my baby  
I just wanna be a man that you can call

I need to drink a little more water  
Need to be a little bit more smarter  
Need to calm down  
(They depend on that)  
Gotta show up be a show starter  
My bad  
Should've held my weight up  
Like that  
Shit, I fell like stardust  
Need to calm down  
(They depend on that)  
Runnin' round like a damn globetrotter  
And my head, and my heads so tired  
Yeah my head, yeah my heads on fire  
Crucify me  
I ain't no Christ  
Fucked up  
It's a mess I tried  
Whatcha looking at me for?  
Were you ever really down for the prequel  
Now your hands out waiting for the sequel  
Maybe  
We should burn this to the ground

I need to drink a little more water  
I really really miss my daughters  
I just wanna be a father and go home  
Things got a little bit crazy  
I'm really missing my baby  
I just wanna be a man that you can call

It's burnin', burnin', burnin' like a cigarette  
Hardly alone when a silhouette  
Falls on the floor  
And you're feeling it  
Knock on the door  
Then this feeling hits  
It's burnin', burnin' like a cigarette  
Hardly alone when a silhouette  
Falls on the floor  
And you're feeling it  
Knock on the door  
Then this feeling hits

Wish from the, wish from the wishing well  
It might not come true if you wish and tell  
Only one life  
Gotta spend it well  
If we get it wrong  
Would you call it hell?  
Whatcha looking at me for?  
Were you ever really down for the prequel  
Now your hands out waiting for the sequel  
Maybe  
We should burn this to the ground

I need to drink a little more water  
I really really miss my daughters  
I just wanna be a father and go home  
Things got a little bit crazy  
I'm really missing my baby  
I just wanna be a man that you can call

Burn, burn, burn like a cigarette  
Jet black silhouette  
Baby, baby, baby don't forget  
I'm home here  
Burn, burn, burn like a cigarette  
Jet black, jet black silhouette  
Baby, baby, baby don't forget  
I'm home here
