

## Hideaway, Pt. 1

SoMo

Said you wouldn't go  
Then you hideaway  
I feel the pulse  
Feel the passion, leave ya soul  
Save a life, save a life  
Let me make you feel alive  
Livin' it up 'till the break of dawn  
Keepin' you up that's alright, alright  
Givin' you everything you want, givin' it up  
But you hideaway  
See you in the night  
See you in the middle of the night  
Freak you, freak you every time  
See you in the middle of the night  
See you, yeah I see you in the night  
See you, see you in the night  
See you in the middle of the night  
Freak you, freak you every time, when I see you in the night  
See you in the middle of the night  
See you, yeah I see you in the night
