SoMo

Ride it long
Ride it slow
Anywhere you want we go
Wind it up and down
Just take your time
Girl, when you're on the boat
Take your time
And find your breath
Take your time
Don't overdose
I put extra time in
I don't mind it
When you overflow

Ride it long
Ride it slow
Anywhere you want we go
Wind it up and down
Just take your time
Girl, when you're on the boat
Take, take your time
And find your breath
Take, take your time
Don't overdose
I put extra time in
I don't mind it
When you overflow

Overflow
Think I'm bout to overdose
I've been feelin' so fantastic
Now I'm in a comatose

Overflow
Think I'm bout to overdose
Give me all you got, it's magic
I want you to know, you know

Ride it long
Ride it slow
Anywhere you want we go
Wind it up and down
Just take your time
Girl, when you're on the boat
Take your time
And find your breath
Take your time
Don't overdose
I put extra time in
I don't mind it
When you overflow

Ride it long
Ride it slow
Anywhere you want we go
Wind it up and down
Just take your time

Girl, when you're on the boat
Take, take your time
And find your breath
Take, take your time
Don't overdose
I put extra time in
I don't mind it
When you overflow

Wait
Wait
Wait
Wait, find the beat again

Ride it long

Just take your time
Girl, when you're on the boat
Take your time
And find your breath
Take your time
Don't overdose
I put extra time in
I don't mind it
When you overflow

Ride it long
Ride it slow
Anywhere you want we go
Wind it up and down
Just take your time
Girl, when you're on the boat
Take, take your time
And find your breath
Take, take your time
Don't overdose
I put extra time in
I don't mind it
When you overflow
