This must be a dream
You know what I mean
Body like an Angel
Glad you're on my team
Enjoy the simulation
Take some Dramamine
Don't want you gettin' dizzy
When you ride on top of me
Feelin' like an animal
Oohooo
Feelin' frustrations
Mmmhmmmm
Say you really want it like that
I can leave you tongue tied from our relations
Oohmmm
But I don't mind waitin'
I don't mind waitin'
For you

(Then you just)
Wrap, wrap, wrap your legs around, round
Like this
Won't you surround, round
Batter up
You're so astound, down
When you back it up and take it proudly
Wrap your legs around, round
