Son Little

Once baby
I remember just saying...
Sweat was in my eyes
Naked
I remember u sacred
I forget space and time

Hey baby
Raining all day long
We made it rain little honey
Then it all gone wrong

Eyyyyy
Carry on
Can we get along better
Let's sit for a minute,

Once, baby
I remember just saying...
Sweat was in my eyes
Naked... I remember...
You sacred
But I forget space and time

Hey... baby... stay on my mind
Before you float away baby
Close your eyes
Heyyyy
Good lovin don't know time
Can we find out
Baby
What there is to find inside our love

Eyy baby carry on
Turn the light down sugar
Let's get it on
Eyy
I'm feeling high now darlin
I got my guard down baby
We could carry on
It's getting darkest for the dawn

Baby
I remember just saying...
Sweat was in my eyes
Naked... I remember...
You sacred
But I forget space and time

Baby
I remember just saying...
Sweat was in my eyes
Naked... I remember...
You sacred
But I forget space and time

Baby

I remember just saying...
Sweat was in my eyes
Naked... I remember...
You sacred
But I forget space and time

Baby
I remember just saying...
