

I'm Gone

Son Little

You get what you get so don't expect a thing
You get what you get so don't expect shit

I'm gone, so what you want in
I'm gone, what you want I know it ain't this

You get what you get so don't expect a thing
You get what you get so don't expect shit

I'm gone
I'm gone, what you want I know it ain't here
