

mahalia

Son Little

With a hand full of rain
I come steppin' around your way
With a cold hearted stare I can give
Well as I can take

I wanna tell ya
Mahalia
I won't fail ya
Mahalia
But this life's full of promises
We'd keep but we never make

With a mouthful of gold
I come raid your refrigerator
About a thousand miles ago
I gave you all that you could ever take

I wanna swear to ya
Mahalia
I won't fail ya
Mahalia
It is life's full of deals
We could keep but we never make

Mahalia
I'm right here
I wanna be near ya
I wanna live
I wanna live
In this life full of deals
We could keep but we always break

In a room full of stars
I can see you're the moon for me
I'll give you a bill for every nook
Give two eyes for every angle
Yeah, oh yeah

I wanna tell ya
Mahalia
I won't fail ya
Mahalia
Well this life's full of promises
We'd keep but we never make
(This life's full of promises)
(We'd keep but we never make)
It is life's full of deals
We could keep but we always break
(In this life's full of deals)
(We could keep but we always break)
Oh yeah, it is life's full of deals
We could keep but we never make
(It is life's full of deals)
(We could keep but we never make)
It is life's full of promises
We'd keep but we always... break
