

neve give up

Son Little

And I never
(Neve give up, neve give up, neve give up, neve give up)
Never will I give up, no no
(Neve give up, neve give up, neve give up, neve give up)

Hallelujah
Though I'm battered and blue
Feel like I'm born to lose
Though I never been, never been, never
Never have I been so low
Now there's only one way to go
Oh

And I never
(Neve give up, neve give up, neve give up, neve give up)
Never will I give up, no
(Neve give up, neve give up, neve give up, neve give up)

And I never
(Neve give up, neve give up, neve give up, neve give up)
Never will I give up, no no
(Neve give up, neve give up, neve give up, neve give up)

I'm so thankful
I can feel the tingle from my head to my ankles
And I never felt, never felt, never
Never have I felt so cold
I bring a chill to your bones
Don't you know

'Cause I never
(Neve give up, neve give up, neve give up, neve give up)
Never will I give up, no no
(Neve give up, neve give up, neve give up, neve give up)

And I never
(Neve give up, neve give up, neve give up, neve give up)
Never will I give up, no no, no
(Neve give up, neve give up, neve give up, neve give up)

Hallelujah
There's only one way to go

Said I never
(Neve give up, neve give up, neve give up, neve give up)
Never will I give up, no no, no
(Neve give up, neve give up, neve give up, neve give up)

And I never
(Neve give up, neve give up, neve give up, neve give up)
Never will I give up, no no, no no
(Neve give up, neve give up, neve give up, neve give up)

And I never
(Neve give up, neve give up, neve give up, neve give up)
Never will I give up, no no, no
(Neve give up, neve give up, neve give up, neve give up)

And I never

(Neve give up, neve give up, neve give up, neve give up)

Never will I give up, no no

(Neve give up, neve give up, neve give up, neve give up)
