

Apart

Son Lux

Maybe I should be somebody else
Maybe I can be somebody else

I've broken so much more than I can heal
Under heel, under heel
Maybe I need to become someone else

Am I so deaf to humble words
I cannot recognise the voice
As my own
Of a child inside a cage?
Unwelcome age

Come together now to pull apart
Myself apart
Buildings or bodies make the choice
Buildings or bodies where's the choice

In this
Unwelcome age
Unwelcome age
