

Come Recover

Son Lux

It's a foolish disguise
You're hiding inside but
There's no shelter
Underneath your skin

Come out of yourself
Show me who you are
Undercover
Underneath your skin

Come recover here
Come recover here
Come recover
Underneath your skin

It's a foolish disguise
You're hiding inside but
There's no shelter
Underneath your skin

Come out of yourself
Show me who you are
Undercover
Underneath your skin

Come recover here
Come recover here
Come recover
Underneath your skin

It's a foolish disguise
You're hiding inside but
There's no shelter
Underneath your skin

Come out of yourself
Show me who you are
Undercover
Underneath your skin

Come recover here
Come recover here
Come recover
Underneath your skin
