

Last Light

Son Lux

Don't forget yourself
This is a fast life
Keep listening
Forgive yourself
This could be the last light

Don't forget yourself
This is a fast life
Keep listening
Forgive yourself
This is a fast life
This could be the last light

Don't forget yourself
It's such a fast life
Are you listening?
Forgive yourself
This is a fast life
This could be the last light
Of a fast life

This could be the last light
Of a fast life
This could be the last light, last light

Don't forget yourself
This is a fast life
Keep listening
Forgive yourself
This could be the last light
Don't forget yourself
This is a fast life
Keep listening
Forgive yourself
This is a fast life
This could be the last light
