

Only

Son Lux

When you took me for the hours
You took from me the days
When you took me for the days
You took from me the years

Now, I wasted all my time
Spending all my love
Have I wasted all my love
Spending all my time?

Oh, there's so much I can take
Only chasing you
Only, only
Am I only chasing you?
Only, only, only, only

Maybe there's nothing I can do
Maybe there's nothing I can do
I'm getting nowhere close to you
You're just a mirage
You'll only love me from afar, only

Only, only, only
