

Throw

Son Lux

You are beautiful to me
Don't throw that away now
Don't throw that away
The number is in my head

Don't throw that away now
Don't throw that away
You are beautiful to me

Don't throw that away now
Don't throw that away
The number is in my head

Don't throw that away now
Don't throw that away
You are beautiful to me

Don't throw that away now
Don't throw that away
