

# We Are the Ones

Son Lux

(Now)

Now the wind  
Now a voice it carries  
You know the one this time

Now a breath  
Now a name I'm calling  
Yours is the one this time

(We are the ones this time)

Now the wind  
Now a voice it carries  
I know the one this time

Now a breath  
Now a name you're calling  
Mine is the one this ti-i-i-me

(We are the ones this time)
