

## Easy

Son Mieux

All we ever wanted  
Growing old  
When waking up was easy  
When we were young  
All we ever longed for  
It came to stay  
Maybe it was easy  
When we were young

Is this all there is?  
Do we need to settle down now?  
Maybe it was easy  
When waking up was easy  
Is this all there is?  
Do we need to settle down now?  
Maybe it was easy  
When waking up was easy

All we ever longed for  
Growing old  
Suddenly we're leaving  
We're leaving home  
All we ever wanted came to stay  
And fade away  
Suddenly we're leaving  
We're moving on

Is this all there is?  
Do we need to settle down now?  
Maybe it was easy  
When waking up was easy  
Is this all there is?  
Do we need to settle down now?  
Maybe it was easy  
When waking up was easy
