

Ride

Son Mieux

Did it all work out
With your mom and her lover?
Did it all work out
With your dad and your brother?

Did it all work out
With your girl? You still love her?
Did it all work out
With your money? Got it covered?

For a couple of years
You let it out
For a couple of years
You fuck around
In a couple of years
You settle down
In a couple of years
You figure it out

Rolling for another ride
Giving it another try
Rolling for another ride

Did it all work out?
Did she eat your supper?
Did it all work out?
Did you really recover?

For a couple of years
You let it out
For a couple of years
You fuck around
In a couple of years
You settle down
In a couple of years
You figure it out

Rolling for another ride
Giving it another try
Rolling for another ride
Giving it another try
Oh, rolling for another ride
Giving it another try
Yeah, we're rolling for another ride
Giving it another try
Rolling for another ride
Giving it another try
Rolling for another ride
Giving it another try
