

Planned obscelence
Manufactured senseless
It's automatic

Feeling the line
What were you lookin' to spin
It's automatic

Cash back, heart attack
Do you want fries with that?
It's automatic

What does it matter?
What does it matter?
What does it matter?

Wanna feel up not down
Stick around 'til you see

No money down
Just your life that you don't own
It's automatic

Special offer only
Face-lift society, so
It's automatic

Madness of love
Feeds the organ grinder
It's automatic

What does it matter?
What does it matter?
What does it matter?
