

## Carry You Down

Son Volt

What has been given to this unforgiving surrounding?  
No contribution save an unwanted coffin.  
Can you share the news, the lowdown, what has happened?  
There's intrigue and passion of a murdering sort.

Carry you down, carry you down  
Carry you down, lose your ashes along the way  
Carry you down, carry you down  
Carry you down, lose your ashes along the way

Sister can you tell, is this now a warning?  
Sure to be and then some, few will take heed.  
Travels and trials from forsaken thinking,  
Just breeding poison till none shall prevail.

Carry you down, carry you down  
Carry you down, lose your ashes along the way  
Carry you down, carry you down  
Carry you down, lose your ashes along the way
