Son Volt

Your eyes are almost dead  
Can't get out of bed and you can't sleep  
You're sittin' down to dress  
And you're a mess, you look in the mirror

You look in your eyes  
Say, you look in your eyes

Everybody goes  
Leavin' those who fall behind  
Everybody goes as far as they can  
They don't just care

They stood on the stairs  
Laughin' at your airs

You're almost dead  
She said, "Don't be afraid"  
You're almost dead  
You're on your own, don't be afraid

You look in your eyes  
Say, you look in your eyes

Everybody goes  
Leavin' those who fall behind  
Everybody goes as far as they can  
They don't just care

They stood on the stairs  
Laughin' at your airs

You're a wasted face  
You're a sad-eyed lie  
You're a holocaust
