

Keep Your Soul

Son Volt

Keep your soul, girl, or if you lose it
You will lose everything in the world
Times are changing
And people are growing
And it is showing all over you

So keep your soul, girl, or if you lose it
You will lose everything in the world

Keep your soul, girl, or if you lose it
You will lose everything in the world
And times are changing
And people are growing
And it is showing all over you

So keep your soul, girl, or if you lose it
You will lose everything in the world

Keep your soul, girl, or if you lose it
You will lose everything in the world
You will lose everything in the world
