

## Reality Winner

Son Volt

Six years in the Air Force  
Made it to E-4 Rank  
With the Ninety-Fourth Intelligence Squadron  
Awarded a medal of commendation

On this election interference  
The intel report was plain and laid bare  
For this job with the NSA  
The intel was there, just couldn't look away

What have you done, Reality Winner?  
Reality Winner, what have you done?  
What have you done, Reality Winner?  
Reality Winner, what have you done?

This jail is a stone-cold answer  
The biggest mistake of a Texas lifetime  
In this ballad of the commander-in-chief

Is there any mercy for this standing belief?

Felt like gaslighting, not something to just accept  
Proud to serve, just not this president  
Those that seek the truth will find the answers  
Those that seek the truth will find the answers  
What have you done, Reality Winner?  
Reality Winner, what have you done?  
What have you done, Reality Winner?  
Reality Winner, what have you done?  
What have you done, Reality Winner?  
Reality Winner, what have you done?

What have you done? What have you done?  
What have you done? What have you done?
