

Sinking Down

Son Volt

Keep me sinking down
Keep me sinking down
I'll keep my head above water
Keep my feet on the ground

Give me bread when I'm hungry
Give me bourbon when I'm dry
Bread when I'm hungry
Bourbon when I'm dry

Troubles of the world
Troubles of the world
Won't keep away for long
Won't keep away for long

Soon it will be my time
Must atone for the women and wine
Soon it will be my time
Must atone for the women and wine
