

The Storm

Son Volt

Been in this storm so long
Been in this storm so long
Spent all my money on whiskey and women
Been in this storm so long

Been down to keep these spirits high
I'm down to keep these spirits high
Spent all my money on a Dilmore Avenue girl
Been in this storm so long

Lucky seldom has been a friend of mine
Lucky seldom has been a friend of mine
Spent all my money on whiskey and women
Been in this storm so long

When I get to California I'll be fine
When I get to California I'll be fine
Gotta get that westbound train line
Been in that storm so long
