

## back to You

Sondae

2 am I cannot sleep  
Jesus, have mercy on me, yeah  
Because my thoughts are running wild  
Ooh

Feeling so lonely and weak  
I wish I could hear You speak, yeah  
But these voices are too loud

But I'll be running  
Back to You  
Lord, right back to You  
I won't stop till I see Your glory now  
I love You but Lord, You loved me first  
Heaven proclaims  
You're Glorious  
Back to You  
Lord, right back to You  
I won't stop till I see Your glory now  
I love You but Lord, You loved me first  
Heaven proclaims  
You're Glorious

You remain all that I seek  
My wisdom is when I fear You  
Your love and wrath are not in conflict  
Ooh

Jesus show me Who You are  
Take me closer to The Father  
Holy Spirit You're my all in all in all in all

But I'll be running  
Back to You  
Lord, right back to You  
I won't stop till I see Your glory now  
I love You but Lord, You loved me first  
Heaven proclaims  
You're Glorious  
Back to You  
Lord, right back to You  
I won't stop till I see Your glory now  
I love You but Lord, You loved me first  
Heaven proclaims  
You're Glorious
