

Brighter Day

Sondae

Every day when I pray
I pray it goes the Father's way
Obeying to what Jesus to said
By His blood my sins are Laid

Can I get more now, veil is torn down
Lord I can't get enough from You
I wanna stay here, not gonna move
If You are not coming with me

I'm bussing a move in Your Presence
'Cause I am Your child and I know You rejoice in me
I'm approaching Your Throne with some confidence
It ain't Your conference if it don't come to this
You fed my Spirit in desert now I can go preach to the lost what Your freedo
m is
My home is in heaven forever, cuz Jesus is King, ain't nothing I could ever
miss

Welcome to the brighter day
Jesus is The King of Kings no worries come our way
We crossed some rocky roads, look around now, it's all okay
We never lost our faith
Christ is Life and death is gain
We never lost our Way

Welcome to the brighter day
Jesus is The King of Kings
No worries come our way
We crossed some rocky roads
Look around now, it's all okay
We never lost our faith
Christ is Life and death is gain
We never lost our Way

Guarantee
That You can see
The state of me
Oh, I'm in need of Your touch
It's so divine
I follow Your design
My heart You will refine
So I follow Elyon

Composure, composure, You need a soldier
Lord, I got this
To take Your freedom to the heathen
You know that I got this
Oh, let our will intertwine
I'll be a branch of the vine
My life is a miracle
No individual could ever try to deny

Welcome to the brighter day
Jesus is The King of Kings
No worries come our way
We crossed some rocky roads

Look around now, it's all okay
We never lost our faith
Christ is Life and death is gain
We never lost our Way
