

Building On

Sondae

All my tendencies are showing me why
I only need to rely on You, God
Stuck in traffic while I'm in Malibu
I see the sunset, I start praising You
Yehovah, Jireh, Nissi
You're the peace I been missing
The rock and foundation that I am standing on
Yahweh, my Holy Abba
You're the only One I bow to now and forever

Lord, You called me before I could talk
Now I'm crying out, "Jesus Christ is Lord"
Time will pass and these mountains will fall
Oh, I'm building on You
Oh, I'm building on You
Every tongue will proclaim and exalt
Singing praises, You're worthy of it all
No more crying, these are tears of joy
Oh, I'm building on You
Oh, I'm building on You

Lord, I been leaning on Your love for me since way back
Everything the enemy destroyed for me, You paid back
On my knees, I'm still taller than my enemies
All I need, You are the God who gives and gives again
Every time I try to fight it, You keep inviting
That's why I'm walking on the path You paved
For me, Oh, God, oh, oh

Lord, You called me before I could talk
Now I'm crying out, "Jesus Christ is Lord"
Time will pass and these mountains will fall
Oh, I'm building on You
Oh, I'm building on You
Every tongue will proclaim and exalt
Singing praises, You're worthy of it all
No more crying, these are tears of joy
Oh, I'm building on You
Oh, I'm building on You
Lord, You called me before I could talk
Now I'm crying out, "Jesus Christ is Lord"
Time will pass and these mountains will fall
Oh, I'm building on You
Oh, I'm building on You
Every tongue will proclaim and exalt
Singing praises, You're worthy of it all
No more crying, these are tears of joy
Oh, I'm building on You
Oh, I'm building on You
