

## Crying Out

Sonda

I'm tired of being invisible, yeah  
It seems like everybody's wasting my time  
I'm here, stuck in the middle  
I won't show weakness, no, you won't see me cry, ayy  
Everybody's running circles, looking at it makes me sick  
And they wonder if this is the right direction they should pick  
For themselves, yeah

Father, I'm crying out for You  
Father, the words You've said are coming true, yeah  
Father, I might not have a clue  
Father, I will put my faith in You, woah

I'm praying for a miracle, yeah  
'Cause I won't be able to fix my pride  
This is beyond the physical  
Holy Spirit, have Your way in me now, yeah  
Empty souls, empty hearts, empty people looking out for peace  
And they question Heaven, but they wonder what the hell is this?  
No, no, no, no, no  
Life doesn't work like that

Father, I'm crying out for You  
Father, the words You've said are coming true, yeah  
Father, I might not have a clue, oh  
Father, I will put my faith in You

I'm crying out, crying out, crying out for You, yeah  
Crying out, crying out, crying out for You  
Crying out, crying out, crying out for You, yeah  
Crying out, crying out, crying out for You  
Yeah, I'm crying out for You, yeah  
I'm crying out for You, yeah  
For You, oh  
Crying out for You, yeah  
Crying out, crying out, crying out for You  
I lift my hands up to You  
Father, hear my voice, yeah, ooh  
So hear me out  
I'm crying out for You, oh  
Hear me, Yahweh, now, yeah

Father, I'm crying out for You  
Father, the words You've said are coming true  
Father, I might not have a clue, yeah  
Father, I will put my faith in You, oh

I will put my faith in You  
I will put my faith in—  
I will put my faith in You, uh
