

# Draw Me Closer

Sondae

Draw me closer to Your heart  
Until I become one with You, Lord  
God, I knew right from the start  
Nothing is greater than Your love

As I hide under Your wings  
I know I'm well protected  
I'm alive when I die for me!  
Jesus, You are my present

I don't need to fight  
Lord, You're already closer  
You set me apart  
The older wine is over

I don't need to fight  
Lord, You're already closer  
You set me apart  
The older wine is over

Going through phases and changes  
Your Glory all is that facing  
I see the picture You're painting  
Every little story is amazing

When the sun rises I see Your Mercy  
If I drink from You I won't be thirsty  
Like the Israelites in the desert  
I will not move if Your Spirit ain't there, Lord

When I'm crying alone in bedroom  
And no one sees what I am going through

You are sat on the side of my bed  
Keeping me closer and keeping me fed  
That's why I always trust in You instead  
Jesus, I thank You for the blood You shed  
Yeah  
Jesus, I thank You for the blood You shed, yes

I don't need to fight  
Lord, You're already closer  
You set me apart  
The older wine is over

I don't need to fight  
Lord, You're already closer  
You set me apart  
The older wine is over

As I hide under Your wings  
I know I'm well protected  
I'm alive when I die for me!  
Jesus, You are my present
