

Fly Away

Sondae

Maker of every single thing
I love You
Angels and all creation sing
About You

There is so much about You that I
Wish to know
You bless the seed and put it where the river flows

Take me up
To the lights
Let me fly away with You

Jesus Christ
Made me right
I'm a child of The Lord

Take me up
To the lights
Let me fly away with You

Holy God
My Saviour
You have made all things new

You're more than I could ask for
Grace is only found in You
There's nothing to run after
I have already found You

There is so much about You that I
Wish to know
You planted my life like a seed where the river flows

Take me up
To the lights
Let me fly away with You

Jesus Christ
Made me right
I'm a child of The Lord

Take me up
To the lights
Let me fly away with You

Holy God
My Saviour
You have made all things new

Take me up
To the lights
Jesus Christ
Made me right
