## Sondae

I know that You pour until it overflows  
Holy Spirit only You can guide me  
The heaven of heavens can't contain the Lord  
Your children know Who to confide in

But what if I am the prodigal son  
Who's running away  
And what if I fall and realize it was nothing but a waste  
And all of the things that I ever built were starting to fade  
God, would You take me back?  
You are good!

I drop down all my shame  
As I call out Your name  
Deeper than my regrets  
Lord, I wanna repent now  
Help me slow down the pace  
I am changing my ways  
Jesus, You are the way  
I rest on Your unfailing grace  
I drop down all my shame  
As I call out Your Name  
Deeper than my regrets  
Lord, I wanna repent now  
Help me slow down the pace  
I am changing my ways  
Jesus, You are the way  
I rest on Your unfailing grace

Yeah, yeah, yeah, oh

Abba God, You know what nobody else knows  
I can trust You with all of my secrets  
You said that I would reap everything that I sowed  
Your faithfulness abounds the world

But what if I am the prodigal son  
Who's running away  
And what if I fall and realize it was nothing but a waste  
And all of the things that I ever built were starting to fade  
God, would You take me back?  
You are good!

I drop down all my shame  
As I call out Your Name  
Deeper than my regrets  
Lord, I wanna repent now  
Help me slow down the pace  
I am changing my ways  
Jesus, You are the way  
I rest on Your unfailing grace  
I drop down all my shame  
As I call out Your Name  
Deeper than my regrets  
Lord, I wanna repent now  
Help me slow down the pace  
I am changing my ways

Jesus, You are the way  
I rest on Your unfailing grace

Yeah, yeah, yeah, oh
