

Holy Essence

Sondae

So many times I wiped my tears
After going to the same sin
And so many nights I've been awake
Thinking how tomorrow should be
And so many times I didn't pray
Because I thought You wouldn't hear me
And so many times I tried my way
But there's no way without You here (Without You here)

Holy Spirit, take me closer to Your holy presence
I love the way You bring Your holy essence
Nothing else can bring me back to life
Only Your voice
Holy Spirit, take me closer to Your holy presence
I love the way You bring Your holy essence
Nothing else can bring me back to life
Only Your voice
