

I'll Be Ok

Sondae

You've been so good, so good to me
I love the way You show Yourself to me
Seasons come and go, but, Jesus, You remain the same (Oh)
You brought me back to life on the day You called by my name

I'll be running and running and running out with Yahweh
Mama, don't worry about me, I'll be okay
Look at the stars and the moon, and then contemplate
Papa, don't worry about me, I'll be okay
I'll be running and running and running out with Yahweh
Mama, don't worry about me, I'll be okay
Look at the stars and the moon, and then contemplate
Papa, don't worry about me, I'll be okay

You've been so good, so good to me, oh
I love the way You show Yourself to me
Seasons come and go, but, Jesus, You remain the same (Yeah, yeah)
You brought me back to life on the day You called by my name (Yeah, yeah)

I'll be running and running and running out with Yahweh
Mama, don't worry about me, I'll be okay
Look at the stars and the moon, and then contemplate (Yeah)
Papa, don't worry about me, I'll be okay
I'll be running and running and running out with Yahweh
Mama, don't worry about me, I'll be okay
Look at the stars and the moon, and then contemplate (Yeah)
Papa, don't worry about me, I'll be okay (Okay)

I am running to You, Father
I am calling for Your name
God like You, there is no other
You're the only one I praise
I am running to You, Father
I am calling for Your name (Yeah)
God like You, there is no other
You're the only one I praise
