

Just You

Sondae

Don't let me be without You
'Cause everything will come to pass
My fear fades away on You
Call me your child and take me as I am diving in You
Call me by name and show me Your true love
Nothing compares to who You are

Jesus I want You
Nothing else, Lord, just You
Jesus I want You
Nothing else, Lord, just You

Don't let me be without You
'Cause everything will come to pass
My fear fades away on You
Call me your child and take me as I am diving in You
Call me by name and show me Your true love
Nothing compares to who You are

Jesus I want You
Nothing else, Lord, just You
Jesus I want You
Nothing else, Lord, just You

Yeah
