

Peter, be quiet for a minute
I know it's hard to listen
But you won't learn unless you
Listen closely to what I'm saying
I know your heart is in it
But can you please be still, oh

Child, I see your love
You never sit down
Then you wonder
If I am still enough

Child, I see your work
One hug will not hurt
Just stay here
And rest here
For a little while

Peter, be quiet for a minute
I know it's hard to listen
But you wont learn unless you
Listen closely to what I'm saying
I know your heart is in it
But can you please be still, oh

I long for you
You long for things to do
It won't work

I look for you
I look at what you can do for me
Love is
Love is

Peter, be quiet for a minute
I know it's hard to listen
But you wont learn unless you
Listen closely to what I'm saying
I know your heart is in it
But can you please be still, oh
