

Preach

Sondae

I ain't going to hide no more
I already know what I've been called out for
I have never been so sure
Holy Spirit, move and shake me to the core

As I look up to You
Wonders of love
Fall upon my soul
Filling me up

(Preach)
When you're walking on fire
Lift your hands to your Father
And your Saviour will be there
He will never forsake you

(Preach)
Where there's fires of thunder
Go through every storm, yeah
Stand on every corner
And proclaim that the Kingdom has come

I ain't going to hide no more
I already know what I've been called out for

I have never been so sure
Holy Spirit, move and shake me to the core

As I look up to You
Wonders of love
Fall upon my soul
Filling me up

(Preach)
When you're walking on fire
Lift your hands to your Father
And your Saviour will be there
He will never forsake you

(Preach)
Where there's fires of thunder
Go through every storm, yeah
Stand on every corner
And proclaim that the Kingdom has come

Hey, yeah
Oh, ooh
And proclaim that the Kingdom has come
Oh, Your Kingdom has come
And proclaim that the Kingdom has come
Ooh, yeah
Ooh, the Kingdom has come
Ooh, woah
