

Surrounded By You

Sondae

Hey God

Forgive me for all the times I pretended everything was okay, God
Help me to I fix my eyes on You, I don't want be living in fear, God
Jesus I want to know You more and more, Lord I desire freedom
Lord I surrender all my life to You

Jesus Take me for a dance over the water
Turn all of my deserts into gardens
Beautiful God
Forever Glorious

Nobody can separate me from Your Love and
You can make a flower bloom on this dry land
Beautiful God
Forever Glorious

I trust in Your Word and not what I feel
Grace by Your blood and that is the deal
I bow my head down for You and I kneel
Here on earth as in heaven still

When I'm running the Holy race
I cannot wait to see Your Face
When I walk through the heaven gates
I'll rejoice in Your faithfulness

Let me not be worried 'bout a thing
I know tomorrow will worry about itself

Let me set my mind in Heaven
God, I want to see Your Glory in the place I dwell

Jesus, I know there's nobody like You
So I lift You high
May heaven come to earth and may Your kingdom thrive

Jesus Take me for a dance over the water
Turn all of my deserts into gardens
Beautiful God
Forever Glorious

Nobody can separate me from Your Love and
You can make a flower bloom on this dry land
Beautiful God
Forever Glorious
