

# Take Me Back

Sondae

Lately, I feel I've been treating God like a stranger  
I spend all my time looking out the window for some danger  
I get caught up in every lie, saying I am a failure  
But what is the reason to be stuck in this season?

I'm looking out for something  
Beyond my purpose, I guess it's nothing  
Going back to the vices  
That brought me the nightmares and many vices  
You gave Your life and You paid in blood  
Never had a greater love than Yours  
But somewhere in the middle  
I started to get fearful

I forgot who I am in Your presence letting the distractions get  
the best of me  
Going back to my wicked life knowing already that Jesus had set  
me free  
I put myself in this golden prison; Father, can You bring over  
the Holy key?  
God, I was living in sin; I was very expensive, but, Jesus, You  
paid the fee, yeah

Take me back  
To when I fell in love with You, God  
Take me back  
I want to live a righteous life, and  
You got that  
So turn my dirty life into gold  
That's right  
Let me honour You, God  
Take me back  
To when I fell in love with You, God  
Take me back  
I want to live a righteous life, and  
You got that  
So turn my dirty life into gold  
That's right  
Let me honour You, God
