

# This Isn't Over

Sondae

Eeh  
Holy Spirit  
I'm here, whoa  
Ta-na-na, ta-ta-na-na  
Hmm

My enemies stand over my body  
They laugh at me like I am nobody  
Going against everything godly  
Please Holy Spirit, be my antibody

Your word is a lamp to my feet  
As I resist, the enemy flees  
This is a battle nobody sees  
But God

This isn't over yet  
(This isn't over, this isn't over yet)  
I will see the light of day  
(This isn't over, this isn't over yet)  
I hold on to Christ in faith  
(This isn't over, this isn't over yet)  
This isn't over yet  
(This isn't over, this isn't over)  
This isn't over, whoa

Don't hide Your face when trouble arises  
Don't hide away, when I vocalize it  
I fight these thoughts until the sun rises  
I'd rather fight before compromising

Your grace alone is greater than life  
Your teaching brings a light to my eyes  
You shine Your light in darkness, You overcome

This isn't over yet  
(This isn't over, this isn't over yet)  
I will see the light of day  
(This isn't over, this isn't over yet)  
I hold on to Christ in faith  
(This isn't over, this isn't over yet)  
This isn't over yet  
(This isn't over, this isn't over)

This isn't over, this isn't over yet  
This isn't over, this isn't over yet  
This isn't over, this isn't over yet  
This isn't over, this isn't over
