

Too Much

Sondae

I'm tired of chasing things that
Will not come with me to heaven
I wanna drink from Your Cup Lord
And forgive more than four hundred times

I cannot explain, there is no delay
When I'm Your presence
I wanna be close to You
And say Holy are You forever

Is it true?
That You walk on the stars?
And call them all by name?
Love You For Who You Are

The time is due
I wanna dwell in You
You're my water and food
Your Will, I'll always do

Is it too much?
Is it too much to put my faith in You?
Can't get enough
Can't get enough, God let Your Spirit Pour

Is it too much?
Is it too much to put my faith in You?
Can't get enough
Can't get enough
God let Your Spirit Pour

Loving this world is worthless
Following my heart is Pointless
Jesus, shut down all these voices
Only You can give me purpose

You are full of beauty and might
I know what Your voice sounds like
God, You sound like many waters
I Love You and Fear You Father

Is it true
That You walk on the stars
And call them all by name
Love You For Who You Are

The time is due
I wanna dwell in You
You're my water and food
Your Will, I'll always do

Let Your Spirit pour, Oh God
Let Your Spirit pour, Oh God (Let Your Spirit Pour)
Let Your Spirit pour, Oh God (Let Your Spirit Pour All Over)
Let Your Spirit pour, Let Your Spirit (Ye-Yeah)

I cannot explain

There is no delay
When I'm Your presence
I wanna be close to You
And say Holy are You forever
I cannot explain
There is no delay
When I'm Your presence
I wanna be close to You
And say Holy are You forever

Is it too much?
Is it too much to put my faith in You?
Can't get enough
Can't get enough
God let Your Spirit Pour

Is it too much?
Is it too much to put my faith in You?
Can't get enough
Can't get enough
God let Your Spirit Pour
