

Lovely

Sonder

I almost fell in love with you
After the club last night
They don't know what you do (Oh)
Money's gon' treat you right

Girl don't act like you changed
When we both know you can't
And I know you love me
'Cause I think you're lovely

Girl check my coat (baby won't you check my coat)
Drop that ass on the floor (drop that ass on the floor)
See you move on that pole (way you move on that pole)
Baby look at you go (baby look at you go)
Girl check my coat (baby won't you check my coat)
Drop that ass on the floor (drop that ass on the floor)
See you move on that pole (way you move on that pole)
Baby look at you go (baby look at you go)

I almost fell in love with you
After the club last night
And you told me don't spend too much
Girl take your own advice

Girl don't act like you changed
When we both know you can't
And I know you love me
'Cause I think you're lovely

Girl check my coat (baby won't you check my coat)
Drop that ass on the floor (drop that ass on the floor)
See you move on that pole (way you move on that pole)
Baby look at you go (baby look at you go)
Girl check my coat (baby won't you check my coat)
Drop that ass on the floor (drop that ass on the floor)
See you move on that pole (way you move on that pole)
Baby look at you go (baby look at you go)
