

# One Night Only

Sonder

I'm flying out for the weekend  
I'll be calling you when I land  
'Cause we ain't got no time to waste

And I don't give a damn 'bout your boyfriend  
He can have you when I go  
Next week, it might be Japan

I know you been  
Thinking bout me  
Thinking bout me  
Thinking bout me, (I know you still think about me)  
I know you been  
Thinking bout me  
Thinking bout me  
Thinking bout me  
I know you been  
Thinking bout me  
Thinking bout me  
Thinking bout me  
I know you been  
Thinking bout me  
Thinking bout me  
Thinking bout me, (I'm in town)

I'm in town  
For one night  
For one night only  
(One night only)  
I came around  
For one night only  
Just one night  
Got a room  
For me and you  
(I got a room)  
For one night only  
We roll around for the last time  
This is one night only

I'm flying out for the weekend  
I'll be calling you when I ground  
I wanna see you face to face  
And I don't give a damn about your boyfriend  
He can have you after I go  
I'm gonna do what I can

I know you been  
Thinking bout me  
Thinking bout me  
Thinking bout me  
(I know you still think about me)  
I know you been  
Thinking bout me  
Thinking bout me  
Thinking bout me  
I know you been  
Thinking bout me

Thinking bout me  
Thinking bout me

I 'm in town  
For one night  
For one night only  
(One night only)  
I came around  
(I came around)  
To put it down  
For one night only  
(Just one night)  
I got a room for me and you  
(I got a room)  
For one night only  
We roll around for the last time  
This is one night only
