

My Love Is Hard To Explain

Sondre Lerche

Over the Milky Way
Two skaters on a galactic plane
Looking for a little light
To help navigate the flight
I don't know what I'd do without you
It's easy to see, but my love is hard to explain
Like unresolved stars

Two galaxies apart
Arms reaching to embrace in the dark
Racing for a sleepless night
The blackest hole in a band of light

I don't know what I'd do without you
So easy to love, but my love is hard to explain
Like unresolved stars, love burns us from afar

We've always been adrift
Hitchhikers hoping to catch a lift
Heading where we're not alone
Dust to dust, earth to cloud
I don't know what I'd do without you
