Songer

Oi let me just call Dane and tell him I love him

"Yo bro"

Yo, what you tellin me?

"Chilling man, just at yard"

Yeah just thought I'd give you a quick call to tell you I love you and I'm proud of you

"Aw, I love you too mate and I'm proud of you, why?"

'Cause you're getting used as an interlude, bitch

Yeah

Gonna have some serious fun with this one, man

Uh-huh, Uh-huh

Oi Cam what you pissin' about for man?

Head in the game man, we're Big Steppin'

Yeah

Cool

After shave made a bad bitch skitz

Now it's 6 and I'm sucking on a bad bitch tits

Grip hips, and she think about what inch this... dick

It's been a while since I lipsed them lips

Pony-tail pulling then I flip lil Miss, grip hips

Til' my hand just slips where her hipbone dips

Match rating in she on a 6.6, but I'm [?]

It's like I spit then... ugh

I decorate the building with my soul

That's my heart echo, art deco

Stressin' was the past memo

Craziness is who I am, guess I'm half-mellow

Every song's a fucking Coldplay let's turn the stars Yellow

If you wanna meet your dreams put a gram in a reefer

My Mrs gets the chills when her man's on the speaker

I been this sick for years like it's glandular fever

I fucked her long distance run I made her stamina weaker

Big Stepper every verse dumb

Put my catalog in Rizla I bet every verse bun

White ash coming off of every verse done

I could shut down 7 shows and we could not rehearse one

Told you I was crazy, truth is I'm full Britney

Told you that I loved you, truth is I'm full Whitney

Dumb founded, if you've fallen out of love come fall with me

Soon your memories will just remind you that you're with me, Ow

Big Stepper, zone in

Let me live, headphones in

If you see me with my bitch, don't talk

Heading home, any plans that I've got I postpone it

Big trouble, that's what I want, let me see it, what you on

You think I want it if I wanted you to chill

You sexy a lil bitch baby let me see you own it

I'm a lover but a threat

Got my trainer on his neck

I can deal with people hating

I can't deal with disrespect

Lil prick, you a sket

Ain't a gangsta, you my pet

Made your fuckin' monthly salary while singing to my sets
