

Endlessly

Songer

Don't you think like that
I will love you endlessly
If you only believe in me
Don't you feel like that
I will love you forever
If you only believe in me

They want Kim Kardashian, me I'm more spit bar-dashian
Still I shout Khloe and Kourtney
Think it's worth a shot that I'll flow when I'm 40
But it's defo guaranteed I'm going home with a shorty
It's not how much wood would a woodchuck chuck?
It's more how many models does a superstar fuck?
I'm en route fam, drink shots, we don't shoot fam
When I'm on a track, I'll leave a body in my boot fam
Old school settings but already got my pen license
When I'm flowing heads nod, then the head rises
Three women all together at the same time
That's 8 legs in my bedroom, and I hate spiders
No money but a pocket full of roach cards
So old school, you would think I'm getting gold stars
We got many talents, we got cold hearts
She riding for my bars like she pole dance
Got a couple people that just wish that I fell
But their kid's gonna have posters of me on their wall
I never learnt a thing when I was sitting in school
Other than never tuck your shirt in if you think that you're cool
It's big stacks over six packs, I can spit facts
Fuck her in a rugby, guessing it's her big backs
When I drop a tape, pree the impacts
All your straight thoughts turn to zig zags

Don't you think like that
I would love you endlessly
If you'd only believe in me
Don't you understand
I would love you forever
If you only believed in me, yeah

Don't you think like that
I will love you endlessly
If you only believe in me
Don't you feel like that
I will love you forever
If you only believe in me

Ask you 'bout my issues and I don't know where to start
But you can ask me 'bout my loving and I do know where to finish
I got people sat in yard, they're tryna memorise the lyrics
Eyes are on my girl, I'm tryna memorise the image
Some days I get depressed but you could never tell the difference
Smoking up the room because I love the way it glistens
When I tell my drink about my day it never listens
World don't get the picture 'cause it's so concerned with image
It's not behind the scenes if you show behind the scenes
I don't need to prove to people I've got something in my genes
Talking 'bout genetics, I don't run with the machines

But my canines are packed like there's something in my teeth
Tidy up your bedroom if you're struggling to sleep
I been getting stressed, teeth falling out in dreams
Sometimes it's overwhelming knowing nothing's as it seems
Cash rules everything around me, that's the cream

Don't you think like that
I would love you endlessly
If you'd only believe in me
Don't you understand
I would love you forever
If you only believed in me, yeah

Don't you think like that
I will love you endlessly
If you only believe in me
Don't you feel like that
I will love you forever
If you only believe in me
